

FORMER GERMAN CROWN PRINCE HAS ESCAPED

LEAVES HOLLAND FOR GERMANY, IS REPORT IN PARIS

Feared He May Try to Restore Monarchial Government.

By Associated Press Leased Wire
Paris, June 26.—Frederick William Hohenzollern, the former German crown prince, has escaped from Holland and made his way to Germany.

News of the escape of the ex-crown prince caused a considerable stir in peace conference circles. While it is not felt that he is a figure around which the reactionaries and monarchists would gather enthusiastically, nevertheless his act is regarded as an event of considerable significance in view of other German recalcitrancy.

Hints have come from Germany within the last few days that the military caste there would not be averse to bringing about a military situation within the former empire that would embarrass the allies in putting the peace treaty into effect, and it seems not improbable that the move made by the ex-crown prince is connected with some such plan.

The former crown prince made his way into Holland shortly after the signing of the armistice last November and was interned there by the Dutch government, taking up his residence on the island of Wieringen, in the Zuider Zee.

Two days before the armistice was signed, a decree issued by the German imperial chancellor, Prince Max of Baden, announcing the decision of the former German emperor to abdicate, stated:

"The imperial chancellor will remain in office until the questions connected with the abdication of the kaiser, the renouncing by the crown prince of the throne of the German empire and of Prussia, and the settling up of the regency have been settled."

This generally was accepted by the public as an official announcement of the crown prince's intention to renounce his rights.

Denies Renunciation
Later, however, the crown prince denied any such intention in an interview given to the Associated Press in Holland, on December 3, 1918. He said:

"I have not renounced anything and I have not signed any documents whatever. However, should the German government decide to form a republic similar to the United States or France, I should be content to return to Germany as a simple citizen ready to do anything to assist my country. I should even be happy to work as a laborer in a factory."

Notwithstanding this categorical statement, the semi-official Wolff bureau of Berlin three days later issued what was said to be the exact text of the crown prince's renunciation of his rights to the throne. This document read:

Official German Note
"I renounce formally and definitely all rights to the crown of Prussia and the imperial crown which would have fallen to me by the renunciation of the emperor-king, or for other reasons."

"Given by my authority and signed by my hand; done at Wieringen, Dec. 1, 1918."

"Wilhelm."

The ex-crown prince has given numerous interviews in Holland and has complained in some instances of having been misquoted. However, the Associated Press correspondent holds an autographed letter from the ex-crown prince in which the latter states that in his interview he was quoted correctly.

WASHINGTON EXPECTED IT
Washington, June 26.—Confidential reports that the former German crown prince and also probably the former emperor would attempt to re-enter Germany after the signing of the peace treaty were received recently by government officials here. This became known today after an Associated Press dispatch telling of the escape of the crown prince had been received.

Holland Responsible
The former German crown prince was interned by the Dutch government on Wieringen and if he preserves his status as a soldier the opinion of international law authorities here is that the Netherlands government may be held accountable for his escape.

The rules of war and neutrality require the government of any nation that affords asylum to a fugitive soldier to intern him for the period of the war and in this instance that period technically had not elapsed.

Act is Puzzling
Because of the bitterness manifested by the extreme socialists in Germany against the former royal family, officials here were somewhat puzzled by the flight. They assumed, however, that the prince either had encouragement from friends in Germany to believe that whatever government survived the present crisis would refuse to surrender him for trial under the peace treaty or that a coup d'etat was in contemplation.

FIND MORE ROOM NEEDED AT DIXON SALES PAVILION

Yesterday's Cattle Sale Showed Need of Enlargement.

The initial sale of the Rock River Valley Breeder's Sale company held in the new pavilion on Depot avenue yesterday was a decided success from every standpoint of view. The sale amounted to between \$31,000 and \$32,000. A. W. Greene, of Peewaukee, Wis., recognized as one of the foremost Holstein breeders in the United States was present and spoke very highly of the efforts of the breeders in this vicinity.

He stated that yesterday's sale was one of the best that he has attended and added that the average stock offered in the sale ring was a credit to the consignors. Probably the best sale of the late afternoon was a four-year-old heifer from the Townside farms which brought \$1,075.

Auctioneers R. E. Haeger, of Algonquin, Ill., and J. E. Mack, of Fort Atkinson, Wis., together with sale director, S. T. Wood, of Liverpool, N. Y., spoke very highly of the pavilion as being one of the best arranged and neatest that it has been their pleasure of entering. These men left last evening for Peewaukee, Wis., where they began today on a three day sale of pure bred Holstein stock.

The sale yesterday proved conclusively that the pavilion, although far superior to the expectations of the visitors and members of the company is inadequate to care for the needs of such an institution in this locality. The members of the company have decided that it will be necessary to arrange at once for the purchase of adjoining property in order to provide necessary space.

The stabling section of the pavilion in the rear of the sales ring is to be remodeled, work being started at once. The wooden stalls and feed racks are to be torn away and replaced with steel stanchions. Other repairs about the building will also be started and completed as early as possible.

ICE FAMINE IN NEAR-BY TOWNS THREATENS DIXON

Local Ice Plant Running to Full Capacity at Present.

The hot weather of two weeks past is creating a great demand for ice throughout the state, particularly in the immediate vicinity of Dixon. DeKalb, Rochelle, Oregon and many other neighboring towns are particularly without ice and without any visible relief.

Numerous requests have been received by Frank Sutterlin of the Distilled Water Ice company from dealers in these towns who are seeking to secure a supply from a nearby town. Yesterday the city officials of Rochelle communicated over the long distance telephone with Mr. Sutterlin in an attempt to obtain some relief from the famine the prevails in that town.

The Dixon plant is working night and day and turning out ice to its full capacity. They are able to care for the Dixon patrons but, as Manager Sutterlin stated yesterday, cannot assist the neighboring towns. The demand for the frozen product is much greater than the output. Natural ice is not to be had at any price and only a very small amount remains in the houses on East River street.

With the first warm spell of the season, many towns have found themselves confronted with an ice famine and the prospects point to a much more serious condition in the months of July and August.

U. S. CAN PROSECUTE ALLEGED VIOLATORS OF PROHIBITION ACT

Injunction Granted to Brewers is Modified By Federal Court.

By Associated Press Leased Wire
New York, June 26.—The United States circuit court of appeals in an opinion handed down today modified the injunction recently granted brewers by Federal Judge Mayer and permits the federal prosecutor to proceed against alleged violators of the war time prohibition act.

SPLIT DRY LEGISLATION.
By Associated Press Leased Wire
Washington, June 26.—The house judiciary committee voted today to split prohibition legislation into three parts, with enforcement of wartime prohibition separate from the others, which relate to constitutional prohibition and the manufacture of industrial alcohol.

For the first section the committee decided to submit in whole its war time enforcement bill introduced at the last session and on which no action was taken.

While less drastic than the general measure, this defines intoxicants as beverages containing more than one-half of one percent alcohol. It contains no provision, however, which would make it unlawful for a person to "possess" liquor.

Members explained that by adopting this plan there would be no confusion if the president should later proclaim demobilization complete and thus end war time prohibition.

Senate Committee Increases Amount for Naval Program

By Associated Press Leased Wire
Washington, June 26.—Without debate the senate today approved a committee amendment to the naval appropriation bill increasing the fund for aviation from the \$15,000,000 voted by the house to \$35,000,000.

As revised upward by the senate committee, the bill carries about \$782,000,000 as compared with \$485,000,000 provided by the house. Among the committee additions are \$10,000,000 for federal acquisition of the Cap Cod canal.

Ship Building Increased
In reporting the sundry civil appropriation bill today, the senate appropriations committee increased the shipbuilding board's ship building program from \$275,000,000 to \$491,000,000.

The committee recommended that the tariff commission be abolished. The house appropriation of \$300,000 for salaries of commission members and expenses was stricken from the bill.

DIXON COMPANY IS PREPARING TO CAMP

Members of Company F, Sixth Illinois Reserve Militia, are today commencing to plan for their first week's encampment as an organization, following the announcement by Adjutant General Dickson yesterday of the dates for the annual encampments and schools of instruction of Illinois state military organizations. Encampments were abandoned during the war when all of the old National Guard was called into service, and were not resumed upon the organization of Reserve Militia units because no money was available for such outings. However, the last General Assembly made provision for the maintenance of the militia and all regiments will camp at Camp Lincoln, Springfield, this year. The Sixth, of which the Dixon company is a part, will go into Camp July 19, remaining there until the 28th.

REV. ASHWORTH TO LANSING, MICHIGAN

Rev. G. H. Ashworth, well known Sycamore pastor, who has occupied the pulpit of the Peoples' Church in this city a number of times, making a decidedly favorable impression here, has resigned his Sycamore position and has accepted a call to Lansing, Mich., and his services of next Sunday morning at the county seat will be his farewell efforts.

The family will not move to Lansing, Mich., until the fall some time, but the summer vacation time is at hand, and the pastor will take a much needed rest.

WHITE SOX IN DE KALB.

Announcement was made by the management of the DeKalb baseball team yesterday that the Chicago White Sox had been booked for an exhibition game in that city on July 23. If the game materialized probably a number of Dixon fans will attend.

ALLIES DEMAND ENEMY PAY FOR SINKING FLEETS

Tell Germany That All Responsible Persons Will Be Punished.

By Associated Press Leased Wire
Paris, June 26.—Germany has been notified in a note sent today by the allies that they possess the right to punish the persons responsible for the destruction of the German ships and for the sinking of the fleet is denounced as a violation of the armistice and a deliberate breach in advance of the conditions of peace.

When the investigations have been completed, the note says, the allies will exact "the necessary reparation."

Reparation also will be asked for the burning of the French battle flags which under the treaty Germany was to have returned to France.

Germany's protests against the long period of allied occupation provided in the treaty and her complaint that her admission to the league of nations might be delayed, are contrasted with the violations of her engagements. Germany, the note says, "cannot complain should the allies use the full powers conferred on them by the treaty, particularly article 429 (which provides that territorial occupation might be continued indefinitely) if she, on her side, deliberately violates its provisions."

Regarding responsibility for the act and the right to demand reparations, the allied note says:

"A violation of the terms of the armistice by individuals, acting on their own initiative, only confers the right of demanding the punishment of these offenders and, if necessary, indemnity for the losses sustained. It will, therefore, be open to the allied and associated powers to bring before a military tribunal the persons responsible for these acts of destruction, so that the appropriate penalties may be imposed. Furthermore, the incident gives the allied and associated powers a right to reparation for the loss caused, and in consequence a right to proceed to such further measures as the said powers may deem appropriate."

Lastly, the sinking of the German fleet is not only a violation of the armistice, but can only be regarded by the allied and associated powers as a deliberate breach in advance of the conditions communicated to Germany and now accepted by her. Furthermore, the incident is not an isolated act. The burning or permission for the burning of the French flags which Germany was to restore constitute another deliberate breach in advance of these same conditions.

"In consequence the allied and associated powers declare that they take note of these signal acts of bad faith and that when the investigations have been completed into all the circumstances they will exact the necessary reparation. It is evident that any repetition of acts like those must have a very unfortunate effect upon the future operation of the treaty which the Germans are about to sign."

Many Stocks Strong After Opening Bids

By Associated Press Leased Wire
New York, June 26.—Motors, equipments, shippings, oils and metals were in demand after early uncertainty in Wall street today. The active list, excepting rails, scored gains of one to almost four points. Buying of coppers was attended by reports of prospective large foreign orders and substantial increases in equipments were ascribed to favorable trade conditions. Yesterday's 15 per cent call money rate occasioned speculative restraint. The opening rate today was nine percent.

BURLESON WILL NOT ASK REINSTATEMENT OF STRIKING KEYMEN

Tells A. F. L. Committee They Violated Rules of Labor Board.

By Associated Press Leased Wire
Washington, June 26.—Postmaster General Burleson today told a committee of the American Federation of Labor that he would not direct the telegraph companies to re-employ persons who went on strike as he considered they had left their work in violation of the rules laid down by the government's wire control board and the war labor board.

"These employees voluntarily left the service of the companies," the postmaster general told the committee, "in violation of the rules of the war labor board and the wire control board. Often during government control the question has arisen, 'Shall established governmental policies be abandoned or governmental powers surrendered to employees because of threatened or attempted strikes?' The postmaster general has answered no."

"The managerial officers of the telegraph companies report to me today that the traffic is being handled without delay; that their business is practically normal; that the machinery for handling grievances of employees is functioning and that no grievances are pending unacted upon; and furthermore that no denial has been made by either company of the right of its own employees to individual or collective bargaining in settlement of grievances."

BOUT ON FIRST ST. LESS THAN A ROUND

A free for all fight was staged at the corner of Third street and Peoria avenue last evening at about 6.30, in which two bicycle riders and three occupants of a Ford touring car were the principals. The latter trio, one of whom proved to be the star performer, were the winners of the one round race on points.

The fight lasted less than the three minute round as prescribed by the Marquis of Queensbury and the police were not called.

The two cyclists, foreigners residing in the west end of the city were riding in front of the Ford car and paid no heed to the sound of the horn but kept riding in the path of the machine. The driver called to them and asked them to get out of the way, whereupon one of the cyclists cursed the occupants of the car and suggested a fight. He was accommodated almost at once, the three men in the car jumping out as the foreigners climbed off their bicycles. One of the cyclists who carried a lunch pail on a strap over his shoulder swung this about him keeping the others away. His companion was knocked down and the Ford continued on its way without the highway being further obstructed. Several parties witnessed the short bout.

A tournament for members will be held about the middle of August when The Evening Telegraph cup will be contested for. The Evening Telegraph cup will be a trophy suitable for the event and will be given to the winner of the tournament, engraved with his name and date.

The date of the tournament has been set far enough in advance so that all members will have an opportunity to practice for the matches and so that all can prepare to qualify.

CITY WILL OIL STREETS PEOPLE DESIRE DRESSED

Will Be Done at Cost—One Carload Oil Ordered.

It was announced this morning that a carload of oil for use on the streets of Dixon had been ordered and that more will be secured if the people of the city desire it. All oil will be spread by the city at cost, the expense to be divided among the property owners on the streets which are oiled. That the city is willing to do its full part in this work is indicated by the following statement made by Mayor Smith this morning:

"There have been so many inquiries as to why oil is not being applied on the streets and a considerable number of complaints because nothing was being done have also been made—that we have made arrangements to take care of this work."

"The oiling will be done wherever desired if you will make your wants known."

"Orders will be filled in the order received and no one will solicit in behalf of the city."

"If you want it get the people on your streets to join and present your petition to City Clerk Grover. The city is doing this work at cost that you may have the service when and where you want it. We have no object other than to give the service you are entitled to."

Lower House Takes Up Dry Enforcement Bill

By Associated Press Leased Wire
Washington, June 26.—With indications that a separate bill for enforcement of war time prohibition would be reported out before adjournment leaving enforcement of constitutional prohibition for a measure to be framed later, the house judiciary committee today continued consideration of methods for carrying into effect anti-liquor legislation.

The measure to enforce constitutional prohibition is expected to be much more stringent than that to enforce war time prohibition.

LADY IN AIRPLANE PASSED OVER DIXON

Dixon people who saw the Society Brand checkerboard airplane fly over the south part of the city at 4 o'clock yesterday afternoon on its return trip to Chicago from Sterling little realized that the aviator had a passenger—and a lady at that. After delivering the consignment of clothing to the Society Brand dealers in Sterling the aviator took aboard Miss Wetherall of the Chicago Daily News staff who had gone to Sterling by train, and who made the return trip to Chicago in the aircraft to get material for a special article.

MUELLER HEADS FOE DELEGATION TO VERSAILLES

Announcement Made in Berlin That Envoys Are Selected.

BULLETIN
By Associated Press Leased Wire
Berlin, Wednesday, June 25.—(Delayed)—Herman Mueller, the foreign minister, and Dr. Bell, the colonial minister, it was announced last night, have been selected as the German envoys to sign the peace terms. They will leave Berlin Friday.

MAY SIGN SATURDAY
By Associated Press Leased Wire
Paris, June 26.—Efforts were being made today to arrange for the signing of the peace treaty at 3 o'clock Saturday afternoon. The council of three apparently satisfied with the semi-official assurances that the Germans would be on hand.

Although the unofficial intimation revealed was that the German signatories probably would be Hermann Mueller, the foreign secretary and Herren Giesberts and Lohndorf of the old delegation, it developed today that Giesberts, who had remained in Versailles for a time, had left for Germany. A third man, however will accompany Mueller and Lohndorf, it is indicated.

MAY ANNOUNCE NAMES TODAY
By Associated Press Leased Wire
Berlin, Wednesday, June 25.—(Delayed)—The identity of the men to be delegated to go to Versailles as the German representatives to sign the treaty of peace will not be announced before Thursday, according to an official statement issued today. There was no session of the cabinet today.

The Tageblatt is informed that Hermann Mueller, minister of foreign affairs, is urged to accept the assignment to go to Versailles, but has declined on personal grounds. The newspaper says: "The best and most natural solution of the situation would be to have Matthias Erzberger set his name to the peace instrument. He, however, is evidently not inclined to draw the logical conclusion from the peace policy he has been pursuing in recent months."

The Tageblatt also states that it has been suggested that a committee of officials who were outside the pale of politics, or former members of the diplomatic corps should be appointed, provided such individuals would accept the assignment.

MAY SEND ULTIMATUM TODAY
By Associated Press Leased Wire
Paris, June 26.—It is understood that if no official communication is received by night fall from Berlin relative to the plan of the German government for signing the peace treaty, something in the nature of an ultimatum will be sent to Berlin by the peace conference.

Up to 11.25 o'clock this morning nothing had been heard from Berlin and the conference was in complete ignorance as to Germany's plan. Paul Dutasta, secretary of the conference, went to Versailles this morning seeking information. He was informed verbally by Dr. Haniel Von Haimhausen that the German signatories, who will probably be Herr Muller, Herr Giesberts and Herr Lohndorf, might arrive by Saturday, but he was unable to speak authoritatively on the subject.

PRUSSIAN SUPPORT PEACE
By Associated Press Leased Wire
Copenhagen, June 26.—Three presidents of eastern provinces of Prussia have issued a proclamation to the inhabitants of their districts, expressing the deepest grief at the unconditional acceptance of the allied peace terms, but adding that the people "must not under any circumstances prevent the government from fulfilling its word to the enemy."

GROENER WILL RESIGN
By Associated Press Leased Wire
Berlin, Wednesday, June 25.—(Delayed)—General Groener, who succeeded Field Marshal Von Hindenburg as German chief of staff, has tendered his resignation to Premier Ebert, but has agreed to remain at his post until the situation in the eastern provinces becomes stabilized.

These trucks have been assigned to Contractor C. E. Heapes by the State Highway Department, and gives him a total of eight trucks, sufficient to carry a carload of gravel, for use on the improvement.

Mr. Heapes has opened up an office in this city on the second floor of the William Beier building on First street and Hennepin avenue.

German Officer is Fined for Refusing to Salute American

By Associated Press Leased Wire
Coblenz, Tuesday, June 24—(Delayed)—Captain Bachhauser, assigned by the German army to duty in Coblenz, was fined 100 marks today for refusing to salute an American lieutenant. The captain contended the war was over and that, anyway, the regulations do not call for his saluting officers of lower grade. This is the first instance of an action of this kind since a definite truce has taken in the peace situation.

Michigan Woman is Awarded Medal for Food Raising Work

By Associated Press Leased Wire
Alma, Mich., June 26.—In recognition of work in encouraging food production during the war, the National War Garden Commission has awarded a medal to Mrs. Francis King of this city, the president of the Women's National Farm and Garden association. The presentation was made by Charles Lathrop Pack, president of the Commission. A similar medal has been presented to the heads of the governments of the United States, England, France, Belgium and Italy, and to the world leaders in food control.

The medal was designed with the object of representing the country's military service and the support given to it by those who worked in their war gardens. On the obverse is the figure of a young woman working over garden plants. In low relief are soldiers marching. The decorative motive for the reverse is a basket hamper filled with the varied products of a war garden. Under the basket appear the words: "The seeds of victory insure the fruits of peace," a hoe and a rifle crossed and the dates 1914-1919.

RECRUITS ON TRIP ACROSS CONTINENT

The next 100 men who enlist in the U. S. Army Motor Transport Corps will be given a trans-continental motor trip from either New York City or Washington, D. C. to San Francisco. The party will be made up of about 200 officers and men and will be made up of two complete motor transport units. This trip is a big experiment to determine the success of various army motor vehicles for trans-continental transporting of freight and troops. The results may warrant an appropriation of funds for the improvement of roads for this purpose. The party will be accompanied by several staff members and representatives from the infantry, cavalry, field artillery, medical corps and air service who will study the aspects from the point of view of their branch of service.

Men who enlist in the motor transport corps in the next few days if they so desire will be sent to Washington, D. C., where they will be fully equipped and given a day or two preliminary training for the trip. The party will start about the first of July.

'Frisco Phone Workers Accept No Compromise

By Associated Press Leased Wire
San Francisco, June 26.—Telephone operators and electrical workers on strike in the bay region at a meeting late last night voted to accept no compromise offer from the telephone company and agreed hereafter to conduct the strike themselves and disregard their international vice president, L. C. Gossard.

A resolution adopted at the meeting charged "our representatives" with "passing into the hands of the company" and declared no good could come of further negotiations. Joseph Hammill, whose name was attached to the resolution, said the break with the international officers came when the latter insisted on a referendum vote on terms offered by the telephone company.

CONROY-TULLY WEDDING—

Wednesday morning at 8:45 o'clock at St. Patrick's church took place the marriage of Miss Jane Tully, daughter of Mr. and Mrs. Charles Tully, and Thomas Edward Conroy, of Chicago, son of Mrs. Winifred Conroy, of Marion township, Lee county. Rev. Fr. Foley, officiated. Miss Marie Conroy, sister of the groom, was maid of honor, and John Francis Tully, brother of the bride, served as best man.

The bride was handsomely gowned in a creation of white Georgette over satin and wore a bridal veil of tulle. The maid of honor's dress was of orchid Georgette over white satin. A white picture hat was worn. Both the bride and her maid of honor carried bouquets of pink roses.

The wedding march was played by Mrs. William Fitzpatrick, cousin of the bride.

After the ceremony a four-course wedding breakfast was served at the home of the bride to about forty guests. The table decorations were of roses, carnations and ferns.

Mr. and Mrs. Conroy left on an early train for an extended visit in the East and upon their return will make their home at 128 Hamlin avenue, Chicago. The bride wore a traveling suit of blue tricot, with hat and shoes to match.

Mrs. Conroy is a charming young lady who, by her pleasing qualities, has won for herself a host of friends. Mr. Conroy holds a lucrative position as inspector for the People's Gas company with whom he has been for some time.

KEARNEY-LALLY NUPTIALS—

With solemn nuptial mass the marriage of Miss Mary Lally, daughter of Mr. and Mrs. Martin Lally, of 1037 Highland avenue, this city, and Charles A. Kearney, also of Dixon, took place Wednesday morning, June 25th, at the Church of the Precious Blood, Chicago. Rev. William Kearney, pastor of the church and a brother of the groom, performed the ceremony. He was assisted by the Rev. Joseph R. Kearney, also a brother of the groom, and Rev. John Murphy, of St. Finbar's, a relative of the bride.

Miss Genevieve Lally, a sister of the bride, was the maid of honor. Attorney Peter Kearney, of Chicago, served his brother as best man.

The altar decorations were pink and white peonies. The bride's flowers were white roses and lilies of the valley and those worn by her maid of honor were pink sweet peas.

An interesting co-incidence in connection with the ceremony was the fact that twenty-five years ago at the very hour that the ceremony was performed by the Rev. William Kearney, he was ordained a priest.

After the ceremony a breakfast was served at the LaSalle hotel to about twenty near relatives of the bride and groom.

The bride and groom left amid best wishes and congratulations on a honeymoon trip. They will be at home at 204 West First street, Dixon, Ill.

PALMYRA C. T. A. PICNIC—

present, in spite of the fact that the picnic came in a very busy season. After everyone had eaten heartily of the bountiful spread prepared by the women of the association, a hotly contested baseball game was started. R. E. Overholser, of Coleta, and E. M. Detweiler, of Polo, was the star battery on the winning side while F. Overholser, J. C. Wadsworth and W. Liesner did their best as a battery for the losers. After five innings of warm play when the score stood 9 to 1, the losers suggested that everyone go swimming, and soon many were enjoying the cool, refreshing waters of the river. Andrew Kent reported a very enjoyable stroll up the river to Hazelhurst with two fair companions from Polo. After all the ice cream had been disposed of, and baskets were packed for home, everyone present voted that another picnic be held before the end of the summer.

PICNICKED AT LOWELL—

WHAT GERMANY ESCAPED

No comment has come from Ger-
many regarding the flights of the
American seaplane and the British air-
plane across the Atlantic. In view of
the attention given by Germany to
long-distance aviation during the war,
there ought to be considerable interest
in this enterprise. But the Germans re-
main silent.

Perhaps they are doing some think-
ing. They ought to be, if they realize
the purpose for which those wonderful
craft were intended.

The Vickers-Vimy plane in which Cap-
tain Alcock flew from Newfoundland to
Ireland is one of a big fleet built by
Great Britain for the specific purpose
of bombing Berlin, in retaliation for the
German raids. It can carry more than
a ton of explosives in addition to its
crew and the necessary fuel. The At-
lantic flight is four times the distance
from the former French battlefield to
Berlin.

The American seaplane with their L-5
engines, though originally designed
for sea patrol, were also built with this
possibility in view. They are admirably
qualified to act as bombing planes, and
can carry a bigger load than the Vic-
kers-Vimy, and probably go as far in one
flight. It would have been easier for
the NC fleet to fly from Paris to Berlin
than from Newfoundland to the Azores.
Germany, beaten at her own game
and fortunate in having avoided the
consequences of further fighting, does
well to say nothing.

McCardie was the complainant, the
warrant charging Mrs. Plein with the
keeping of a vicious dog. The woman
was fined \$3 and costs on the charge
and ordered to keep the dog off the
streets. The police stated that several
complaints had been received from peo-
ple who had been bit by a poodle be-
longing to Mrs. Plein and last evening
the 11-year-old son of the complainant
was bit on the leg. The woman had
been warned repeatedly by the police

LEE CO. OFFICES
TO COLLECT MORE
FEES BY NEW LAW

Gen. Assembly Gives
Authority for Increas-
ing Charges.

Increases in fees to be paid county
officials, fixed by the state legislature
in a law passed, mean larger earnings
in every official working on a fee basis.
The clerk of the circuit court, the
county clerk, the recorder of deeds, the
probate clerk and the sheriff all will re-
ceive larger fees.

The increase in the fees of the sheriff
amounts to approximately 25 per cent
and means that sheriffs all over the
state will be receiving higher salaries
and will be able to increase the pay of
their deputies.

Under the law, all salaries paid to
sheriffs and their deputies must be
earned in fees and there have been
many controversies in Illinois counties
as to what should constitute the fees of
the office. The same contention has
been going on all over the state and
the sheriffs asked for increased fees
that the office might be made self
sustaining.

The fees of the coroner for the con-
ducting of an inquest have been in-
creased from \$11 to \$15 and the mem-
bers of the board of supervisors have
been given an increase in per diem
from three to five dollars. This latter
increase also applies to town clerks and
to the town clerks fees. The pay of
election judges is increased to six dol-
lars a day.

Officials of Lee county are figuring
just what these increases will mean to
each office holder and while they did
not get all that they asked for they feel
that the state legislature has treated
them well and have made the county
offices nearer what they should have
been long ago.

Business men in need of letter heads,
bill heads, envelopes, cards, tags or

TARGET SHOOT
AT STEWARD ON
FOURTH OF JULY

Gun Club Has Arranged
Events for Big
Holiday.

The Steward Gun club has announced
a big shoot at its club ground near that
village for July 4, and it is expected it
will be one of the most successful ev-
ents the organization has ever conduct-
ed. Special events for soldiers, sailors
and beginners will be arranged, nice
prizes being given in each, and the
trophies in the events for old timers
will be especially attractive. A pro-
gram of fireworks for afternoon and
evening has also been announced. After
the shoot the Steward and Water-
man baseball teams will clash at the
school grounds diamond.

Thirty marksmen, including six pro-
fessionals, competed at the last shoot
of the club, at which time a regular
program of 150 targets was carried out.
Two of the professionals broke 149 out
of the total of 150, one broke 147 and
the other three scored 147. Quimby of
Spring Valley made the high total for
the amateurs, breaking 146, and twenty
of the contestants broke 133 or better.

Gardner and William Cratty were win-
ners. I. J. Strawbridge and J. R. Rice

This Store is for
Women as Well
as Men. ::

Some women feel that they are a little out of place in a man's store. We don't want them to feel that way about us. We want them to feel at home here. A great many men depend on some woman's judgment of quality and style. And they ought to. Women are usually keener about these things than the men. That's why we like to have them come here; we sometimes think they appreciate our service even more than the men do.

Hart Schaffner & Marx Suits for Father and Son

When there's a boy in the house it's a pretty safe bet that father is kept "up to the scratch" on the latest styles. He may not want the newest waist-seam suit, but he'll want all of the latest styles touches.

On the other hand, father is likely to be a little more particular about quality than son; he knows that the best is the cheapest and he'll teach this lesson in economy.

We know how it is; we have everything that father and son want; styles for each and the best quality for both.

Hart Schaffner & Marx make the clothes; there are none better, \$30 to \$60 ready to put on.

SANDRA THE JEALOUS

By JANE PHELPS.

EVERETT SURPRISES SANDRA WITH A LETTER.

CHAPTER IV.

The world seemed very uninteresting after Everett left. I felt almost as if I were all alone, although all the town boys and girls were around as usual. But somehow Everett had a way of making you know he was there. I don't know how else to express it, but Rose and some of the others made no secret of their joy that he had gone. "So 'grandpa' has finally taken himself out of the way, has he?" Rose asked. "Now perhaps we can have some fun."

I never said much when they teased me, and called Everett "Grandpa," but it makes me uncomfortable, and I always flushed terribly. When Everett's first letter came, about three days after he left, I was so pleased that I didn't mind their teasing me one single bit.

He had said nothing about writing to me, so I was awfully surprised. It was just a short letter, such a one as any friend might have written me. There wasn't a word about caring for me in it. But just at the last he said:

"I have missed my little friend more than I ever thought it possible to miss anyone." It was silly, but I kissed the paper right on those lines. Then I carried it in the bosom of my dress for days—just like the girls in the novels did. But finally I put it away in the bureau drawer under my

shirtwaists. The boys never disturbed them, and the letter was getting worn out.

It took me one whole afternoon to answer that letter. I must have wasted nearly a box of paper before it suited me. Then it didn't—not perfectly.

I wrote about everyday things, the people he knew, etc., just as he did, until I came to the very end of my letter. Then I told him that I had missed him too, more than I ever had missed anyone before. I wasn't very original, but I had spoiled so many sheets of paper I didn't dare use any more. As it was I had to burn up all the spoiled sheets and the envelopes to match for fear the boys would find them. It would have been terrible if they had. I never should have heard the last of it.

It is strange how things long past come back to us. I recall distinctly that whenever Everett came to call in that short first week I knew him, that I was always a bit frightened to go down to meet him,—he always asked me—for fear I did not look nice enough. Even then I had heard him express an opinion upon the way some of the girls in our town were dressed at the tennis party, and it made me uncomfortable. I wore simple wash dresses at home, but they were always fresh laundered, and until he commenced coming to the house, I never had thought of wearing anything different. Even now I know there could not have been anything very wrong about my gingham for morning and dainty muslins for afternoon. Anyway, Everett said I looked lovely in them; and that mother was sensible to keep me looking so young.

I don't know that I was very different from other girls of my age, brought up as I had been, and if I confess that I felt in some way different, set apart from the rest of the town girls, after I received Everett's letter I think most people will understand.

I attached a sentimental value to the few lines he had written, that I never should have dreamed of putting upon the notes I had received occasionally from the town boys. This charming man from a great city where there were so many lovely girls had singled me, Sandra Courtney, out for his special attentions.

It was a long time before he answered my letter. Nearly six weeks. But as he sent me some books and candy in the interim I did not feel that he had forgotten me, although I looked anxiously each day for a reply; and once, or twice I looked myself in my room and shed a few tears when father said there was "no mail."

Then came the morning when I received Everett's second letter. I had walked down with father, and went with him to the Post Office. I read it as I walked slowly home under the blossoming trees, the scent of early flowers in the air. He sort of apologized for not replying sooner, asked me to forgive him, and said he would be more prompt in the future of I would. He also said he would be in Lakeville again before fall, and signed himself: "Your fond friend, Everett Graham."

POWERFUL PILE REMEDY DISCOVERED

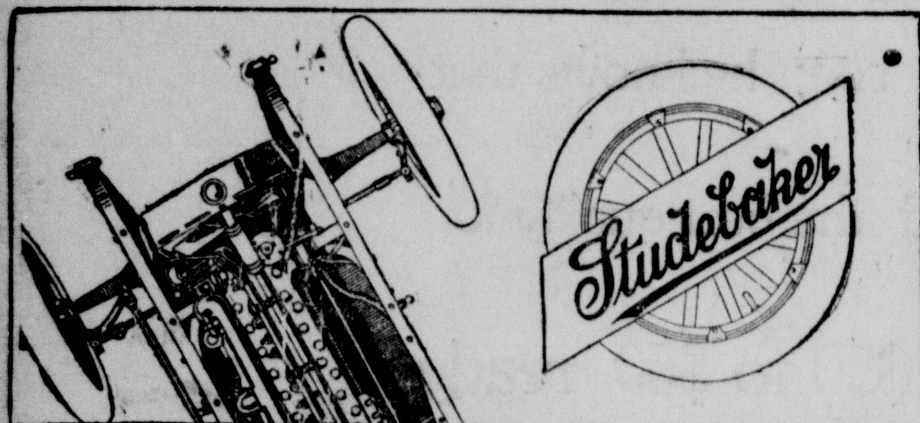

Has Never Failed to End Most Obsolete Case of Piles in Few Days.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

All pharmacists dispense Miro or can get it for you on short notice. Surely it's worth the little trouble to obtain it to be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription. "If your druggists cannot supply you we will gladly send either of the above mail charges prepaid on receipt of price. Internal Treatment \$1.50 War Tax 6c. Ointment 50c War Tax 2c extra. Guaranteed Remedies Co., Elmira, Ohio."

A POWERFULLY built frame narrowed in front is a feature of all new Studebaker Motor Cars. Extending its support to the outermost edges of the body it insures great strength. It also makes possible an extremely short turning radius.

ISSUES CALL FOR SPECIAL ELECTION TO NAME JUDGE

By Associated Press Leased Wire
Kankakee, Ill., June 26.—Governor Lowden has issued a call for a special primary election to fill the vacancy caused by the death of Judge Jay H. Merrill of county court. The primary has been set for July 12, and the election for August 2. On the republican ticket Captain Harry Streeter of Grant Park and Attorney E. J. Lamarre of Bourbonnais are candidates. On the democratic ticket Captain James T. Burns and First Lieutenant James Dougherty are seeking the nomination. Both democratic candidates reside in Kankakee. All candidates have practiced law in this city.

Prince of Wales to Have Own Residence; Given Boyhood Home

By Associated Press Leased Wire

London, May 26.—The Prince of Wales is now 25 and King George has decided that he should have his own residence. York House, St. James, the home of his boyhood days, has been selected.

Except that it lacks a garden and a garage, York House is regarded as an admirable residence. Decorators are now preparing it for the prince, who will move in in about a month. His household will not be large.

York House formerly was the property of Hanover, who refused to let Queen Victoria have it. But after his death she was able to offer it to the widowed Duchess of Cambridge. Subsequently the house was occupied by the Duke of Clarence and the present king and queen. Its most recent occupants have been the late Lord Kitchener and Sir William Robertson.

Since the armistice the Prince of Wales has been very much in the public eye and his activities are diversified. He made a speech in the ring of the National Sporting club after the Wild-Lynch contest, being introduced by Lord Lonsdale the chief figure of the British sporting world. He spoke also at the dinner of the Royal Academy on the eve of the opening of the annual exhibition which was attended by a great gathering of notables.

He has been initiated into the Free Masons, following in the footsteps of his grandfather, King Edward, and his great uncle, the Duke of Connaught, and has become an honorary member of two of the old-city trade guilds.

"Recently the prince flew over London in an airplane piloted by one of the most daring army fliers, and looped the loop and went through the most up to date program of stunts, which the most conservative aviators have begun to discourage since the end of hostilities.

FLAXOLYN

- 1 Flaxseed—relaxes congestion and acts as an astringent.
- 2 Vegetable Charcoal—cleanses and purifies the stomach.
- 3 Juniper Berries—cleanse and purify the kidneys and bladder.
- 4 African Ginger Roots—quicken the flow of the digestive juices.
- 5 Dandelion Roots—purify the liver and blood.
- 6 Cardamom Seeds—act on the stomach lining as a cleansing tonic.

- 11 Belgian Valerian Roots—tone up the nerves and bring restful sleep.
- 12 California Bark—cleanses the colon and removes foreign matter from the intestines.

Like all new enterprises Flaxolyn began small. But it grew astonishingly when people learned through druggists and the newspapers about its 12 wonderful ingredients which simply make over the human system.

Sales grew so rapidly that in February we were tens of thousands of packages oversold. Shipments to druggists were weeks late. Customers were disappointed.

But early in March Flaxolyn entered a fine, big factory with an enormous capacity. So now the demand can again be supplied.

Flaxolyn does not benefit simply one body organ. It corrects and builds up the whole system—nerves, stomach, kidneys, bladder, liver, lungs, small intestines and colon. After three doses you probably will feel the improvement. After a month you will begin to feel like a different human being.

Note that Flaxolyn does not contain a whit of anything harmful. Prohibition will not affect Flaxolyn, for it contains no alcohol.

POLICE STARTED TO ENFORCE TRAFFIC LAW

Glen Camery, driver for the Yellow taxi line, was arrested yesterday afternoon for driving through the city streets with the muffler of his car open. He was taken before Police Magistrate Sheller and fined \$3 and costs for the violation.

His arrest is the first of a series which the police expect to make for similar offenses. The traffic rules appear to have been forgotten by many drivers of cars and the customary warnings are to cease and prosecutions will take their place.

A new whistle warning that is being used principally on Ford cars, has been the source of no end of complaint to the police. A section of the city traffic ordinance provides a penalty for the use of freak sirens or whistles on automobiles and under this head, the police expect to put a ban on some of the practices. The chief stated this morning that in many instances cars were driven through the streets late at night with these freak whistles blowing and creating a disturbance. He also complained of some drivers using this method of warning as a plaything, and gave out the statement that all officers had been notified to make arrests where such cases were discovered, this order being effective at once.

NOTICE

Some persons have been taking down guards on new concrete pavements after working hours and driving over new work. Anyone guilty of this, before streets are ready for use, will be prosecuted.

CORN ADVANCES SLIGHTLY; CROP OUTLOOK CAUSE

By Associated Press Leased Wire
Chicago, June 26.—Mixed sentiment based largely on varying crop conditions in different sections was reflected in the corn market today, prices averaging slightly higher, distant months showing greater strength.

Offerings were in fair amount. Opening prices which ranged from 1 1/4c lower to 1 3/4c higher with July 1.80c to 1.79c, Sept. 1.76c to 1.77c and Dec. 1.54c to 1.54c, held within narrow limits in the early trading with July working away from the initial low.

Oats showed greater strength than corn, opening 1/4c to 5/8c higher with Sept. at 70c to 70 1/4c. Later after a slight sag the market firmed at about opening prices.

An initial demand gave strength to provision prices which opened unchanged to 2 1/2c higher.

Later the market moved within narrow limits. Generally favorable crop conditions were reflected in slight recessions. The market closed weak unchanged to 1 1/2c net decline with July 1.79c to 1.79c, Sept. 1.76c to 1.75c, and Dec. 1.53 1/2c to 1.53c.
